SUMMARY

- Computer Science student at Universiti Malaysia Pahang Al-Sultan Abdullah with a strong passion for technology, software development and learning new skills. Seeking internship opportunities to gain real industry experience and improve technical and problem-solving abilities. A fast learner who can adapt quickly, work well with others and handle tasks responsibly both independently and in a team environment.

EDUCATION

Sekolah Menengah Kebangsaan Bandar Baru Salak Tinggi **January 2019 - March 2024**

- Sijil Pelajaran Malaysia (SPM)

Universiti Malaysia Pahang Al-Sultan Abdullah **July 2024 - July 2026**

- Diploma in Computer Science
- CGPA: 3.28

Relevant Coursework:

- Structured Network Cabling
- Fundamental of Multimedia
- Computer Game Progamming
- Computer Architecture & Organization4
- Data Communication & Networking

ACADEMIC PROJECT

Final Year Project

- Developed a web-based Student Marketplace System exclusively for university students to provide a secure and organized trading environment. The system includes features such as student ID verification, item listing with category filtering, secure in-app messaging, seller rating and review system and an admin panel for user and report management.

Project for Structured Network Cabling

- Designed and implemented a structured horizontal cabling system for a small office LAN using Cat6 UTP cables based on TIA/EIA-568 standards. Configured network outlets, patch panel, switch connections and cable management while performing cable termination, labeling, connectivity testing and network documentation for a 4-PC office environment.

Project for Computer Game Progamming

- Developed Si Bongkok: The Forgotten Hero, a 2D adventure platformer game using Unity and C#. Implemented core gameplay features including player combat, enemy AI, checkpoints, collectible items, HUD systems, particle effects and NPC interactions. Contributed to level design, gameplay mechanics, sound integration and overall player experience enhancement.

ACHIEVEMENTS

- Bronze Medal – FYProCom 2026 (Final Year Project Competition), Universiti Malaysia Pahang Al-Sultan Abdullah
- Top 12 Final Year Project (PTA 2), Universiti Malaysia Pahang Al-Sultan Abdullah (2026)
- Cisco Certified Network Associate (CCNA), Cisco Networking Academy (2025)

ACTIVITIES

- Volunteer, Sambutan Malam Kemerdekaan 2024
- Volunteer, Hackathon 2025
- Volunteer, Arena Showdown 2025
- Volunteer, Buddy's Mentor Mentee 2025
- Participant, Microsoft Azure Fundamental 2026
- Participant, Briefing Industrial Training 2026

TECHNICAL SKILLS

- Java Programming
- C# Programming
- HTML, CSS, and JavaScript
- XAMPP
- Visual Studio Code
- Unity Game Engine
- Figma
- Canva
- UI/UX Design
- Adobe Creative Suite (After Effects, Premiere Pro, Photoshop)
- Structured Network Cabling Basics
- Cisco Packet Tracer
- IP Addressing and Subnetting
- Router and Switch Configuration
- TCP/IP Fundamentals
- Network Troubleshooting
- Microsoft Office (Word, Excel, PowerPoint)

SOFT SKILLS

- Strong teamwork and collaboration skills
- Able to be a leader when needed
- Good time management and organizational skills
- Able to work under pressure when needed
- Able to identify problems, analyze situations and develop effective solutions
- Responsible and highly committed to assigned tasks
- Eager to learn new skills and gain practical experience
